

Special Offer for NAWDP Members

Laid-off workers deal with great uncertainty, stress, and even immobilization: "What do I do next? How will I pay my bills? Who will ever hire me in this economy?" It's difficult to help them sort through their worries, let alone create a personal action plan for next steps. Career Action Resources, LLC, a workforce materials publisher, is offering NAWDP members a free copy of the Layoff from Employment Action Planner (LEAP). In a short, easy-to-use format, the LEAP helps dislocated workers organize the eight most important issues faced during a layoff. In three easy steps, workers rank complex job and life problems to get action steps that fit their needs. To request your complimentary sample of the Layoff from Employment Action Planner, please visit www.careeractionresources.com or call 1-800-398-6615. ♦
